- All Players must drive off of every tee
- The team must use each member's tee shot at least twice during the round.
- The team then selects the ball in the best position and all of the next shots are placed and played within one club length of that selected ball. Repeat until the hole is completed.
- It is permitted to clean and replace the selected ball.
- All shots must be taken from the same area condition of the selected ball (fairway on fairway, rough on rough, etc.)

**On the putting green:**

- All balls must be placed no more than 4 inches from the selected ball.
- All members must putt before the second putts are taken. If the first player to putt misses and then hits a second putt into the hole it completes the hole and the team score. The other members are not allowed to finish the hole with one putt.
